The Building Universe

## Build success with Ply Gem.

At Ply Gem, we offer a comprehensive range of products for every project and budget. Including windows, doors, siding, soffit, trim, accessories, stone veneer, fence and rail. Distributed nationally. And backed by expert local service.

We operate under one simple belief — that building your success starts by building your trust. It's something we've been doing for over 60 years. We also recognize our products must do more than perform. They must build a sustainable future for your business and the environment.

This commitment to building your success is more than just words. At Ply Gem, we bring innovative solutions like The Designed Exterior™, a complete exterior solution that enables builders to deliver beautiful, affordable homes more efficiently than ever. And it's why we're helping you build smarter and greener through our Ply Gem Enviro initiative.

Now with the BRI® rewards program, we're offering you another way to build your success by earning more for the Ply Gem products you use every day.

**Start building a more rewarding future with Ply Gem. Ask your Ply Gem representative about BRI, visit [rewards.plygem.com](http://rewards.plygem.com) or call 888-9-PLYGEM.**

## Introducing BRI. The rewards program with more ways to earn.

Ply Gem has teamed up with HomeSphere® to offer rebates to its builders through a program called BRI. It's a builder rewards program that helps you collect 100% of your rebates from multiple building product manufacturers, including Ply Gem.

### Earn more rebates for using multiple Ply Gem products.

As a participant in BRI, you can earn rebate points for using these Ply Gem products: Mastic Home Exteriors®, Variform®, NAPCO®, Georgia-Pacific, Cellwood®, Ply Gem Stone and Ply Gem Windows. Better still, when you use Ply Gem products from multiple categories, your rebate dollars can grow even faster.

### The rebates don't stop with Ply Gem.

Through the BRI program, you also have access to other manufacturer rebates for products such as house wrap, insulation, paint, lighting, electrical, plumbing, HVAC, appliances, countertops, flooring, fireplaces and more.

Here's how easy it is to build your reward.

**1**

**Sign Up** – Ask your Ply Gem representative about BRI or go online at [rewards.plygem.com](http://rewards.plygem.com). There's no fee to enroll.

**2**

**Submit Closings** – Once enrolled, submit your closings directly to HomeSphere through the "closing template" located within your HomeSphere account at [homesphere.com](http://homesphere.com).

**3**

**Receive Rebate** – Once the closing is approved, HomeSphere will send a check directly to you.

Track your points. Build your reward.  
All in one convenient place.

You can track your account 24/7 from the office, your home or any location with an Internet connection. With one point of contact for every manufacturer rebate, HomeSphere makes sure you don't miss out on a single one. It couldn't be more convenient. Or more rewarding.

Cannot be combined with other Ply Gem incentive programs.

**Click. Track. Collect.**
