VICTORIA HARBOR®

TIMELESS ELEGANCE

Victoria Harbor® is the perfect choice for style and sophistication. Its satin brushstroke finish gives the appearance of painted wood and its beaded edge adds dimension and depth. This nostalgic design is not just timeless in simplicity and beauty, but also durable enough to stand the test of time, making it a great addition to any home.

Build with **Confidence**

We may be one of the oldest vinyl siding manufacturers, but we're always coming up with new ideas. In fact, we were the first to create variegated technology, manufacture a double-staggered nail hem and produce a rollover locking leg. Today, we're as committed as ever to producing better products. That's why we use only the best raw materials and continuously test our products to ensure consistent performance. Our customers wouldn't have it any other way.

Siding is a **Smart Investment**

According to a recent study by *REMODELING* Magazine*, homeowners who install vinyl siding, on average, recouped up to 71.6% of the cost, making re-siding one of the top improvement investments a homeowner can make.
